Please join the Baltimore Architecture Foundation for our annual Groundhog Day Fundraiser. After roughing it for many years in some of Baltimore's best industrial spaces, we had such a positive response from everyone who enjoyed the fireplaces, heated rooms, comfortable chairs, and working bathrooms of The Maryland Club, we'll be going back again this year! The Swingin' Swamis, plentiful food and drink, carnival games, and auction items will once again be offered amongst the architectural finery of the Club's parlors.
